

RISER ID Check + RISER Age Check

Correct customer data is a crucial factor for business processes in the consumer-market. Verification of the required customer data can minimize non-payment risks and procedural costs. The RISER ID Check and the RISER Age Check service offer you the opportunity to quickly and cost-effectively verify personal information i.e. date of birth and address, in official European population registers. Official population registers are best suited to verifying your customer data, due to the high reliability and most up-to-date data. Through the integration of the RISER ID Check and the RISER Age Check into the Customer Management Process, your customer data can be checked during the initial contact.

INFORMATION FOR
CUSTOMER

RISER ID CHECK

The RISER ID Check enables you to check if a person with a supplied address is listed in an official population register. Required data for this service are: family name, first name, gender and address of the requested person. If the requested person can be unambiguously identified in the population register, you receive the information that the requested person is, or was, officially registered at the supplied address unless registered as deceased.

INQUIRY

First name, family name, gender, address
if applicable date of birth

RESULTS

- 1 Person unambiguously identified
- 2 Person identified but deceased
- 3 Person not unambiguously identified

RISER AGE CHECK

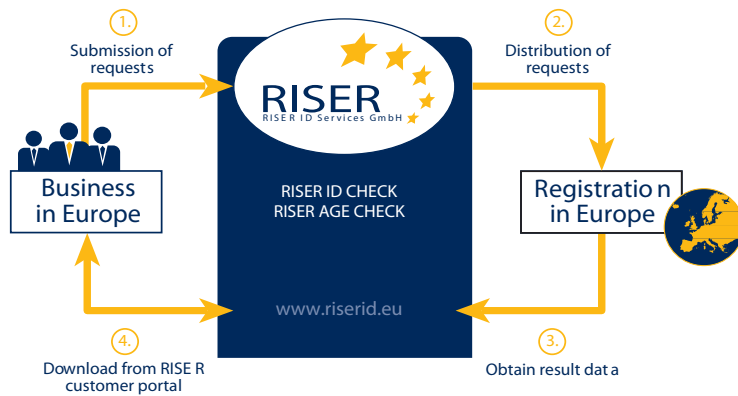

The RISER Age check enables you to verify the supplied age of a person. This is specifically needed for legal age verification in the area of protection of minors. The requested person will be checked in the population register on the basis of his first name, family name, gender and date of birth. If the requested person is unambiguously identified in the population register, then you can be sure that the supplied date of birth is correct.

INQUIRY

First name, family name, gender, zipcode/
city, date of birth

RESULTS

- 1 Person registered with the given date of birth
- 2 Person identified but deceased
- 3 Person not unambiguously identified

RISER ID Check + RISER Age Check

COSTS AND TIME

Apart from the importance of reliable address information, time and cost are also important criteria for the consumer business. RISER therefore offer response times within seconds and charges per inquiry below €1.00.

CONDITIONS

Use of the RISER ID Check and the RISER Age Check is dependent on the fact that the requested person has agreed with the verification of their data.

The returned information may only be used for the purpose that the requested person has agreed to.

TECHNICAL SUPPORT

Quick and efficient data transmission is a prerequisite for the RISER ID Check and the RISER Age Check. Therefore, we offer you technical interfaces, over which data can be automatically exchanged (WebServices, SOAP).

COVERAGE

The RISER ID Check and the RISER Age Check service started in 2008 with the population register of Berlin. The countries Estonia and Sweden will be covered next. The RISER ID Check and the RISER Age Check service will be gradually extended throughout Europe.

DATA PROTECTION

The RISER ID Services GmbH is processing the data on behalf of the customer, and all personal data stays the property of the enquirer. The acquired personal data will not be passed on to third parties.
